Home Page Help

This is Home page of DBPOLL application. These options are available in this page:

- **Home:** Return to Home page.
- **View Polls and Questions:** the users can search Polls and Questions by date and time.
- **Edit, Create and Delete Polls (Modify Polls):** Authorised users have the ability to create, edit and delete polls and questions which the Poll Users will reply to later and to optionally enter the geographical location of a poll via Google map.
- **Help:** This is context sensitive user help that is available on every page and also it includes index with hierarchical categories and PDF user manual that can be printed as well.
- **Reports:** it will generate session history report, statistical report and system utilisation report.
- **Test Receivers:** this component tests receivers, RF Channels and keypads.

Poll Index Help

In this Page authorised users have the ability to create, edit and delete polls. By Default poll names and Creation Date will be displayed.

- Deleting/Editing a poll:

In **Poll Index** click on **Delete/Edit** for a poll that you want to delete/edit

- Viewing, editing questions:

In **Poll Index** click on **View Questions**, in the next page you are able to Delete, Edit or Create Questions, as well as View Answers and Objects

- Creating a new session :

In **Poll Index** click on **Create New Session** for a specific poll

- Delete/Edit a session:

In **Session Index** click on **Delete/Edit** for a specific session

- Assigning poll masters:

In **Poll Index** click on **Assign Poll Masters**

- Creating/Editing participant list :

In **Session Index** click on **Create/Edit participant list**

ViewPolls Help

In this page user can search polls and questions by date and time. By default all poll names and creation dates will be displayed.

- Searching the polls by date:

Enter start date and end date in the related fields (e.g. start date: 01/01/2009 and end date: 01/01/2010), then click **Search**

- Searching the polls by time:

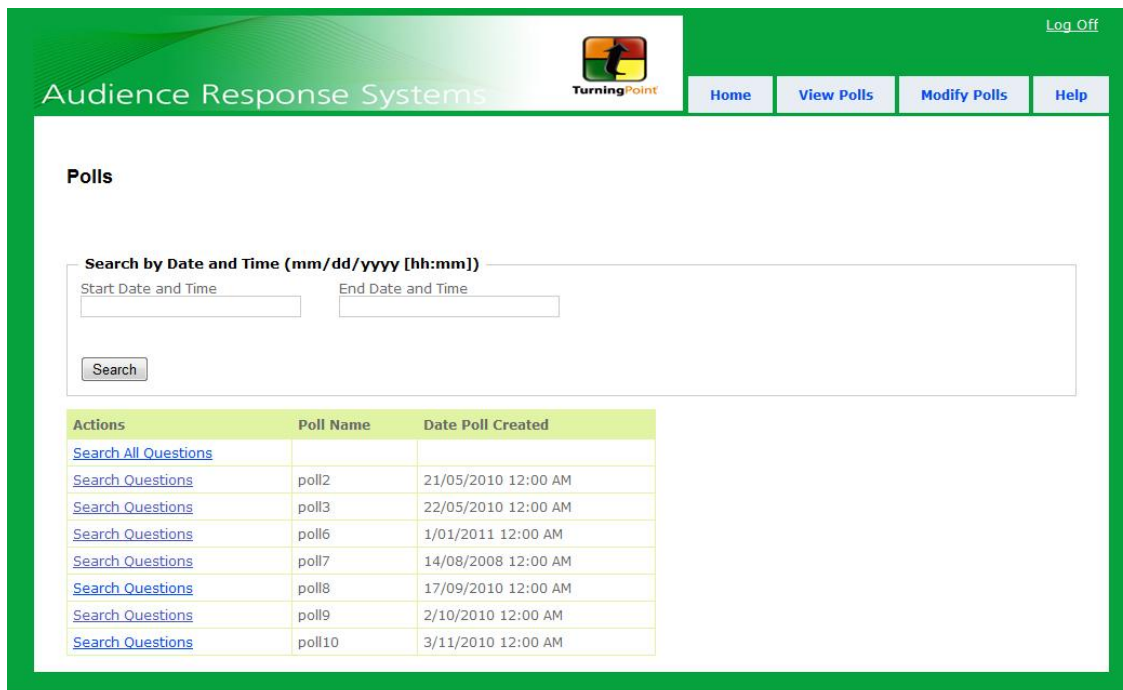

Enter start date, end date along with time in the related fields (e.g. start date: 01/01/2009 11:00 AM and end date: 01/01/2010 12:30 PM), then click **Search**

- Displaying all questions:

In **Actions**, Click on **Search All Questions**.

- Displaying the questions of a poll:

In **Actions** Click on **Search Questions** which belongs to a specific poll.

The screenshot shows the 'Audience Response Systems' interface. At the top, there is a green header with the 'TurningPoint' logo and navigation links: Home, View Polls, Modify Polls, and Help. A 'Log Off' link is also present. Below the header, the 'Polls' section is displayed. It includes a search form with the title 'Search by Date and Time (mm/dd/yyyy [hh:mm])'. The form has two input fields: 'Start Date and Time' and 'End Date and Time', and a 'Search' button. Below the search form is a table with three columns: 'Actions', 'Poll Name', and 'Date Poll Created'. The table lists ten polls, each with a 'Search Questions' link in the 'Actions' column.

Actions	Poll Name	Date Poll Created
Search All Questions		
Search Questions	poll2	21/05/2010 12:00 AM
Search Questions	poll3	22/05/2010 12:00 AM
Search Questions	poll6	1/01/2011 12:00 AM
